1. Boyd Crawford, Staff Director of the House Committee on Foreign Affairs, telephoned to inquire if the Agency could have a CIA representative participate in a briefing on the Formosa situation on 22 October. (See Memorandum for the Director dated 20 October 1958.) Subsequently General Cabell and Mr. Warner met with Messrs. Macomber and Parsons of State and Admiral Post of Office of the Secretary of Defense to coordinate their efforts. Mr. Crawford's office was advised that the Agency would participate. The Director agreed that Sherman Kent and [redacted] would appear for the Agency. ✓

2. Attempted to talk with Chet Wiggin, Administrative Assistant to Senator Bridges, and talked with Edmund T. King, the Legislative Assistant. I inquired about the Senator's itinerary for his trip to Europe, indicating that we wanted to extend an invitation to the Senator [redacted] Mr. King thought the Senator would be very grateful and said he would pass the word to Mr. Wiggin and the Senator in Concord. Presumably we will get further word from there.

4. Mr. Helms telephoned indicating that the Director had asked that a letter be prepared to all field stations regarding congressional visits. Mr. Helms offered us the opportunity of doing the first draft. I suggested that they go ahead with the first draft, and we would then review it with them. This was agreeable with Mr. Helms.
